Attendance: This weekly Calculus Lab is the 4th hour of this course. Your presence is required at each lab session. Each lab has a graded assignment for each student to complete. Work each lab in its entirety, all will be graded.

Lab Assignments: The lab assignments are due at the start of the next lab unless otherwise noted. Any late assignments will be accepted with a **20% penalty** per day after deadline. Any lab to be turned in late should be turned in the appropriate mailbox at **Jones 103**. Any assignments submitted after this will not be accepted. **Please staple your lab.**

Grading: The TA will grade each lab assignment in its entirety. These scores are then averaged and given to your lecture instructor, and will compose at least 15% of your final Calculus grade (this is up to the discretion of the lecture instructor).

Honor Code: The work you turn in should be your own and not copied from another source. You may use your textbook, WebAssign, and both lecture and lab notes but no other assistance.
